

FREITAG, 31.10.2008 16:15 bis 17:15 Uhr
POSTERWALK: ABDOMEN / THORAX / DIVERSES

POSTERWALK ABDOMEN:

1. Molecular predictors for kidney post-transplant anaemia

Julia Wilflingseder, Alexander Kainz, Paul Perco, Bernd Mayer, Rainer Oberbauer
Linz, Wien

2. Allo-reactive non-HLA specific antibodies in haemodialysis patients before renal transplantation are mainly targeted against distinct cytoskeletal proteins

Senada Skeledzic, Michael Veitinger, Daniel Cejka, Christian Reichel, Georg Boehmig, Ferdinand Mühlbacher, Rudolf Oehler
Wien, Seibersdorf

3. Survival of pancreas allografts despite partial thrombosis of the Y-graft used for arterial reconstruction

Christian Margreiter, Walter Mark, Martin Freund, Dominik Wiedemann, Robert Sucher, Raimund Margreiter, Felix Aigner
Innsbruck

4. Easy, Safe and Quick a new parameter to monitor renal function after liver transplantation

Doris Duller, Philipp Stiegler, Andrea Grosej-Strele, Gerhard Wirnsberger, Karlheinz Tscheliessnigg, Florian Iberer, Daniela Kniepeiss
Graz

5. Single-center experience in third and fourth kidney transplantation

Katrin Kienzl, Claudia Bösmüller, Gerald Brandacher, Robert Öllinger, Manuel Maglione, Raimund Margreiter, Walter Mark
Innsbruck

6. Salvage Liver Transplantation after resection for patients suffering from hepatocellular carcinoma (HCC) at the Vienna transplant center

Christopher Burghuber, Christoph Mayrhofer, Herwig Pokorny, Mario Pones, Michael Hofmann, Ferdinand Mühlbacher, Rudolf Steininger
Wien

7. Predictive factors of outcome in patients transplanted for hepatitis B

Susanne Beckebaum, Georgios Sotiropoulos, Christian Klein, Andreas Paul, Guido Gerken, Vito Cicinnati
Essen

8. Sirolimus: A benefit of use for liver transplant recipients with HCV recurrence?

Doris Duller, Daniela Kniepeiss, Silvia Schaffellner, Helmut Müller, Estrella Jakoby, Karlheinz Tscheliessnigg, Florian Iberer
Graz

9. Tetrahydrobiopterin abrogates microvascular kidney ischemia reperfusion injury via maintenance of NO homeostasis

Robert Sucher, Philipp Gehwolf, Nikolaus Fischler, Rupert Oberhuber, Christian Margreiter, Manuel Maglione, Stefan Schneeberger, Robert Öllinger, Ernst R. Werner, Peter Obrist, Raimund Margreiter, Gerald Brandacher
Innsbruck

10. Weird and worrissome: emerging pathogens in abdominal solid organ transplantation

Hugo Bonatti, Robert Sawyer, Amy J Mathers, Timothy Pruett, Costi Sifri
Virginia, USA

11. Bariatric surgery in morbidly obese solid organ recipients

Hugo Bonatti, Bruce Schirmer, Timothy Pruett, Robert Sawyer, Kenneth Brayman
Virginia, USA

12. p-38 MAPK inhibition attenuates kidney ischemia reperfusion injury

Philipp Gehwolf, Klaus Fischer, Rupert Oberhuber, Gerald Brandacher, Stefan Schneeberger, Robert Öllinger, Raimund Margreiter, Jakob Troppmair, Robert Sucher
Innsbruck

13. Fatal disseminated toxoplasmosis via kidney allograft in a 15-month-old infant

Maria Gnigler, Alfons Krezcy, Lothar Bernd Zimmerhackl, Raimund Margreiter, Martin Frühwirth
Innsbruck

POSTERWALK THORAX:

1. The Vienna Experience With HU Heart Transplantation

Martina Grömmner, Stéphane Mahr, Arezu Aliabadi, Daniel Zimpfer, Andreas Zuckermann
Wien

2. Ergebnisse nach PTCA, Stent und CABG bei Patienten nach Herztransplantation

Tomasz Dziondzio, Andrzej Juraszek, Suzanne Rödler, Martin Czerny, Dietmar Glogar, Michael Grimm, Andreas Zuckermann
Wien

3. Hohe Prävalenz von Osteoporose und Wirbelkörperfrakturen nach Lungentransplantation bei Patienten mit Cystischer Fibrose

Barbara Zweytick, Stephan Holzer, Peter Jaksch, Markus Koeller, Franz Kainberger, Walter Klepetko
Wien

4. TROUGH CONCENTRATIONS AND DOSE REQUIREMENT OF IMMUNOSUPPRESSIVE AGENTS IN RELATION TO CYP3A5 GENOTYPES AFTER HEART TRANSPLANTATION

Daniela Kniepeiss, Wilfried Renner, Andrae Wasler, Gholam Koshisorur, Doris Duller, Florian Iberer, Karl-Heinz Tscheliessnigg
Graz

5. Serum Cystatin C as an easy to obtain biomarker for the onset of late renal impairment in heart transplantation

Doris Duller, Gerhard Wirnsberger, Philipp Stiegler, Andrea Grosejle-Strehle, Regina Roller-Wirnsberger, Andrae Wasler, Daniela Kniepeiss
Graz

6. Prognostische Wertigkeit des Brain Natriuretic Peptide

Andrzej Juraszek, Tomasz Dziondzio, Suzanne Rödler, Martin Czerny, Roman Gottardi, Michael Grimm, Andreas Zuckermann
Wien

7. Influence of donor BMI on organ procurement

Mario Pones, Ivan Kristo, Michael Hofmann, Thomas Soliman, Gabriela Berlakovich, Rudolf Steininger, Ferdinand Mühlbacher

Wien

8. Increased Soluble Serum Markers ICE, ST2, Caspase-Cleaved Cytokeratin-18 and Histones Indicate Apoptotic Turnover and Chronic Immune Response in COPD

Stefan Hacker, Christopher Lambers, Konrad Hötzenecker, Andreas Pollreiß, Andreas Mangold, Walter Klepetko, Hendrik Jan Ankersmit
Wien

9. T-Cell Senescence And Contraction Of T-Cell Repertoire Diversity In Patients With Chronic Obstructive Pulmonary Disease

Stefan Hacker, Christopher Lambers, Martin Posch, Konrad Hötzenecker, Andreas Pollreiß, Walter Klepetko, Hendrik Jan Ankersmit
Wien

10. Elevated HSP27, HSP70 and HSP90α in Chronic Obstructive Pulmonary Disease: Markers for Immune Activation and Tissue Destruction

Stefan Hacker, Christopher Lambers, Konrad Hötzenecker, Michael Lichtenauer, Tina Niederpold, Walter Klepetko, Hendrik Jan Ankersmit
Wien

11. First documented Case of Paracoccus yeei infection in a transplanted heart

Martin Schweiger, Philipp Stiegler, Andre Wasler, Günter Prenner, Michael Scarpatetti, KarlHeinz Tscheliessnigg
Graz

POSTERWALK DIVERSES:

1. Serum catalase as marker of graft-versus-host disease in allogeneic stem cell transplantation

Brigitte Kircher, Petra Schumacher, Johannes Clausen, David Nachbaur
Innsbruck

2. Human Hand Transplantation: Characterization of the Cellular Infiltrate and Adhesion Markers in Skin Rejection

Theresa Hautz, Bettina Zelger, Gerald Brandacher, Hans Georg Müller, Andrew WP Lee, Raimund Margreiter, Stefan Schneeberger
Innsbruck, Pittsburgh

3. Intensivierte ernährungsmedizinische Intervention bei Nierentransplantierten (DALMART Studie)

Ronald Otto, Astrid Sylle, Maria Leopold, Herwig Holzer, Gerhard Wirnsberger
Graz

4. Biocompatibility of Peritoneal Dialysis Solutions Determined by Genomics of Human Leukocytes: A Cross-over study

Julia Wilflingseder, Paul Perco, Alexander Kainz, Bernd Mayer, Rainer Oberbauer
Linz, Wien

5. Biocompatibility of Hemodialysis Membranes Determined by Genomics of Human Leukocytes: A randomized Cross-over Study

Julia Wilflingseder, Paul Perco, Alexander Kainz, Bernd Mayer, Rainer Oberbauer
Linz, Wien

6. Cryptosporidiosis increases tacrolimus levels in solid organ recipients

Luis F. Barroso, Crosti D. Sifri, Robert G. Sawyer, Brian Wispelwey, Timothy L. Pruett, Camielle N. Kotton, Hugo Bonatti
Charlottesville, Boston, USA

7. 100 years of successful corneal transplantation – A review of the literature

Navid Ardjomand, Frank FP Larkin
Graz, London

8. Targeting Adhesion Molecules for Prophylaxis and Treatment of Skin Rejection in Composite Tissue Allotransplantation

Theresa Hautz, Benson Pulikkottil, Bettina Zelger, Gerald Brandacher, Andrew WP Lee, Raimund Margreiter, Stefan Schneeberger
Innsbruck, Pittsburgh USA

9. ETPOD - European Training Program on Organ Donation

Ivan Kristo, Mario Pones, Georg P. Györi, Christopher K. Burghuber, Martin Bodingbauer, Thomas Soliman, Ferdinand Mühlbacher <1
Wien

10. Immunosuppression and allergy in organ transplant recipients: evidence for insufficient control of allergen specific responses

Thomas Eiwegger, Saskia Gruber, Christina Geiger, Eleonora Dehlink, Walter Klepetko, Thomas Frischer, Zsolt Szépfalusi
Wien
